

WEST FOOD PROCESSING EXPORT JOINT STOCK COMPANY (WESTFOODS) was established in 1992 at Can Tho City, center of the Mekong Delta, Southwest of Vietnam. This best growing region is very well-known for its vibrant diversity, nutrient-rich soil, abundance of tropical fruits and vegetables available whole-year round.

Westfoods is dedicated to producing and exporting a wide range of frozen & canned tropical fruits and vegetables worldwide. WestFoods is committed to consistently providing safe, finest, high-quality fresh fruits, vegetables, RTE products while protecting the plantations and environment. WestFoods' dedication to quality is a commitment solidly supported by: comprehensive programs for food safety, scientific crop protection programs, stringent quality control measures and state-of-the-art production technologies.

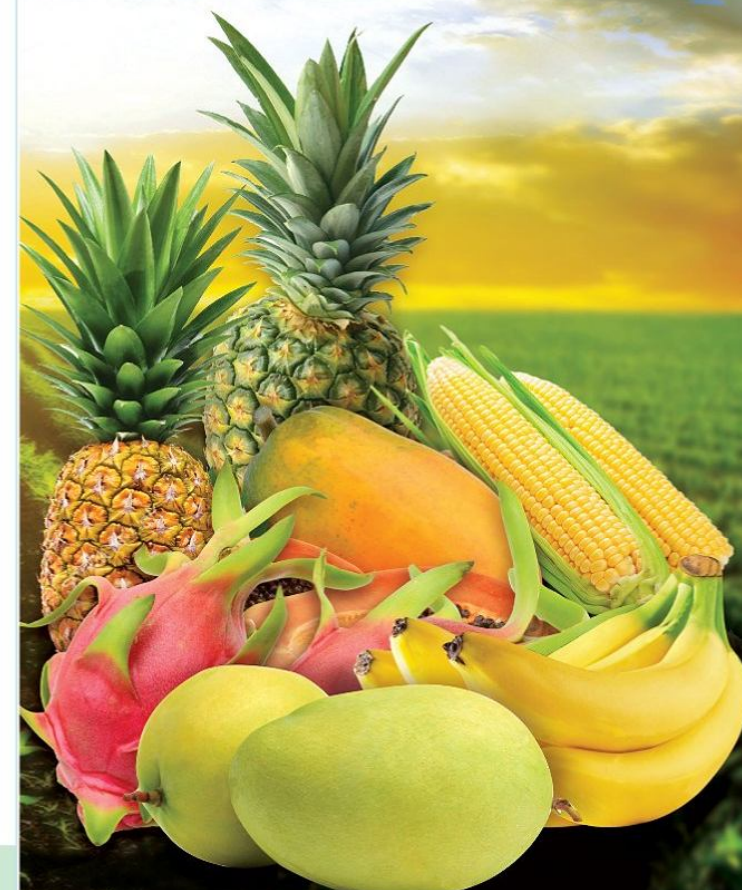

Westfoods fruits and vegetables are always harvested at the peak of ripeness and ideal maturity, get packed within the same day. Our IQF and canning processes lock in the delicious flavors along with the vitamins, antioxidants and other essential nutrients.

Westfoods strictly follows several international Food Safety Management System standards, and certified by BRC / FSSC 22000 / IFS and others (KOSHER/HALAL/FDA...).
